

Matthew L. Rontal, MD

PROFILE

I am an otolaryngologist and craniofacial surgeon specializing in reconstruction of defects of the face, head, and neck resulting from congenital defects, tumor, and trauma.

EXPERIENCE

Partner. Rontal Clinic, Royal Oak, Michigan – 2010-present

Assistant Professor. Department of Surgery. Oakland University Medical School/William Beaumont Hospital – 2016-present

Attending Physician. Department of Surgery. William Beaumont Health System – 2007-present

Attending Physician. Department of Surgery and Craniofacial Institute, Saint John Providence Medical Center, Southfield, Michigan – 2006-2010.

EDUCATION

Fellow – AO-ASIF –AAFP RS Craniomaxillofacial and Facial Plastic and Reconstructive Surgery, SUNY Upstate Medical Center, Syracuse, NY – 2005-2006

Resident – Otolaryngology – Head and Neck Surgery, University of Michigan Medical Center, Ann Arbor, Michigan – 2000-2005

Post-doctoral Fellowship – Developmental Neuro-Otology, Hospital of the University of Pennsylvania, Philadelphia, Pennsylvania – 1998-2000

Transitional Year Internship – Department of Internal Medicine, Albert Einstein Medical Center, Philadelphia, Pennsylvania – 1997-1998

MD – University of Michigan Medical School, Ann Arbor, Michigan – 1993-1997

BA, History – University of Michigan, College of Literature, Science and Arts – 1989-1993

Diploma – Andover High School, Bloomfield Hills, Michigan – 1986-1989

MEMBERSHIPS AND SOCIETIES

American Board of Otolaryngology Head and Neck Surgery. Diplomate 2006 - present

American Medical Association. 2006 - present

American Cleft Palate Craniofacial Association. 2016 - present

Michigan Otolaryngologic Society. 2016 - present

Virtual Center for Velocardiofacial Syndrome. 2014 - present

HONORS AND AWARDS

John L. Kemink Award for Best Clinical Paper – Department of Otolaryngology – Head and Neck Surgery – 2005

Plastic and Reconstructive Surgery Research Grant – \$15,000. American Head and Neck Society, Synthes Corporation: *Ex-vivo Gene Therapy Directed Osteogenesis in Infected Wounds* – 2003

Graduated with Distinction – University of Michigan , College of Literature, Science and Arts – 1993

Dean's List – University of Michigan, College of Literature, Science and Arts – 1990, 1993

RESEARCH ACTIVITIES

Grant-funded Resident Research Position – University of Michigan Dental School, Ann Arbor, Michigan – projects in ex-vivo gene therapy directed osteogenesis. MPREOP, Michigan Preoperative Risk Evaluation in Otolaryngology Patients – 2003-2005

Post-doctoral Fellow – Department of Otolaryngology, University of Pennsylvania – 1998-2000

Research Technician – Kresge Hearing Research Institute, University of Michigan, Ann Arbor, Michigan – 1991-1992

PEER-REVIEWED PUBLICATIONS

1. Comparison of three different surgical techniques for designing pharyngeal flaps according to findings of videonasopharyngoscopy and multiplanar videofluoroscopy.
2. Ysunza PA, Chaiyasate K, Rontal M, Shaheen K, Bartholomew B. International Journal Pediatric Otorhinolaryngology. 2019 May; 120: 123-129
3. Ysunza PA, Bloom D, Chaiyasate K, Rontal M, VanHulle R, Haheen K, Gibson D. Velopharyngeal videofluoroscopy: Providing useful information in the area of reduced dose radiation and safety. Ysunza PA, Bloom D, Chaiyasate K, Rontal, M VanHulle R, Shaheen K, Gibson D. International Journal of Pediatric Otorhinolaryngology. 2016 Oct; 89: 127-32
