

Per navigare è consigliabile utilizzare la barra posta nella parte alta dello schermo accanto al logo.

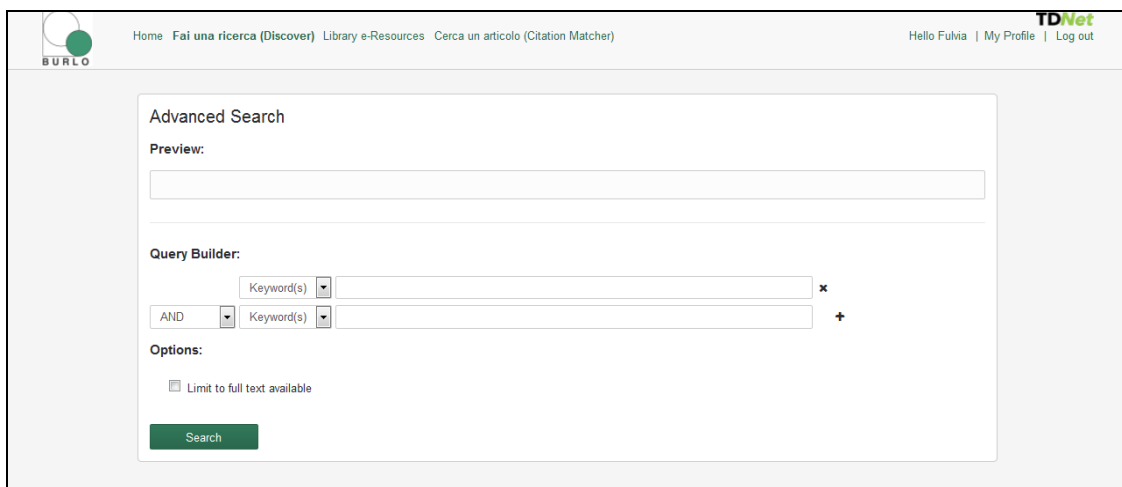

**“Fai una ricerca (Discover)”**: utilizzare parole chiave o termini liberi. I risultati sono citazioni bibliografiche relative alle risorse sottoscritte, ad articoli tratti da PubMed e dai contenuti del database di TDNet, che include materiale di difficile reperimento quali letteratura grigia, tesi etc.

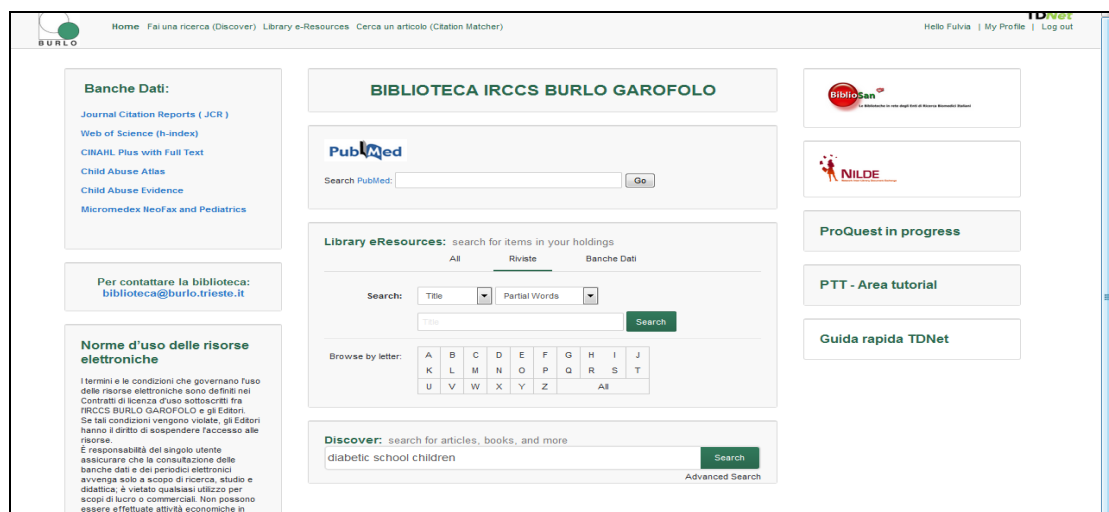

## Ricerca semplice

## o ricerca avanzata

anche dalla home page “Discover search for articles, books, and more”

Cliccando a sinistra è possibile apporre dei limiti alla ricerca

The screenshot shows the BURLO search interface. At the top, there are navigation links: Home, Fai una ricerca (Discover), Library e-Resources, and Cerca un articolo (Citation Matcher). The user is logged in as 'Hello Fulvia'. The search bar contains 'diabetic school children' and has an 'Advanced Search' button. Below the search bar, there are buttons for 'Print', 'Export', and 'Mail'. The left sidebar contains filters for 'Full Text' (445 results), 'Classification' (Article: 762, Chapter: 5, Dissertation: 5, Dataset: 4, Image: 2), 'Subject(s)' (Humans: 325, Child: 298, Female: 213, Diabetes Mellitus, Type 1: 210, Male: 202, Adolescent: 197, Epidemiology: 112), 'Publisher' (SAGE Publications: 69, American Diabetes Association: 47, Wiley-Blackwell: 23, Springer-Verlag: 21, Elsevier: 15, American Academy of Pediatrics: 13, American Society for Biochemistr...: 13), and 'Language(s)' (English: 609, French: 14). The main results area shows 778 results. The first five results are listed with their titles, authors, and publication details. Each result has a 'Bookmark' button and a 'Check for full text' button.
